Enikepadu,
Vijayawada.

Sir,

This is to certify that Mr. Talluri Naveen S/o Krishna Murthi of Mechanical Engineering, Roll No: 20X45A0317 had under gone Industrial training from 07th July - 2022 to 06th Aug-2022 as a part of course.

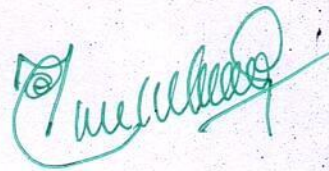

During this training period the conduct of the student is found to be good and satisfactory.

Regards,

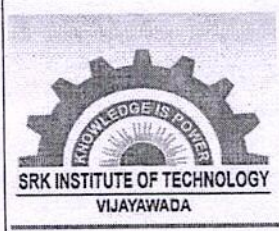

For Varahi Motors,

Sub: - Request for Internship program for our Students – Reg

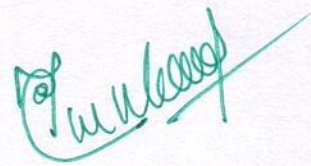

Dear Sir,

We will be delighted to accept the request of internship for ECE students with your company on behalf of our Mutual MoU. Apart from their academic achievements and credentials, they would like to undergo two weeks Internship on Arduino Microcontroller and Programming which makes them to learn about the design and implementation of various hardware projects. Kindly, consider this request and we will be looking forward to your response.

With Regards,

Principal

Sub: - Acceptance for Internship – Reg

Dear Sir,

I am writing this letter in response to your letter dated 25-02-2022. We are delighted to accept the request of online internship for ECE students with our company. We have decided to take internees from your college to work on our different ongoing projects on **IOT and Embedded systems** starting from March 01st to March 17th, 2022. During this period, your students will be designated as “Internees” at our company.

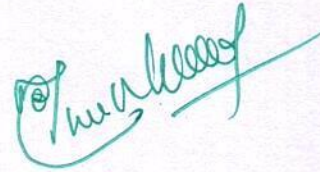

All the details in connection with the internship and duties of the respective internee will be shared on the very first day of their internship with us. During the period of internship, the internees will come across sensitive information and important details of the company. Therefore, they will need to sign an agreement with the company on their date of joining to maintain the confidentiality of company information and once on successful submission of a detailed project report on their internship; the company will issue them an Internship Certificate.

With best regards,

Managing Director,

MICROLINK

Sub: - Request for Internship program for our Students – Reg

Dear Sir,

We will be delighted to accept the request of internship for ECE students with your company on behalf of our Mutual MoU. Apart from their academic achievements and credentials, they would like to undergo two weeks Internship on **RTL Design and Verification using Mentor Graphics EDA Tool** which makes them to learn about the design and implementation of VLSI using Xilinx tool.

Kindly, consider this request and we will be looking forward to your response.

With Regards,

Sub: - Acceptance for Internship – Reg

Dear Sir,

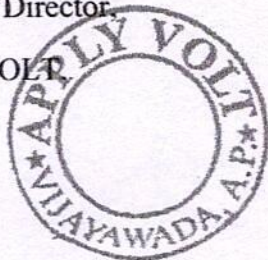

I am writing this letter in response to your letter dated 25-02-2022. We are delighted to accept the request of online internship for ECE students with our company. We have decided to take internees from your college to work on our different ongoing projects on VLSI starting from March 01st to March 17th, 2022. During this period, your students will be designated as "Internees" at our company.

All the details in connection with the internship and duties of the respective internee will be shared on the very first day of their internship with us. During the period of internship, the internees will come across sensitive information and important details of the company. Therefore, they will need to sign an agreement with the company on their date of joining to maintain the confidentiality of company information. And once on successful submission of a detailed project report on their internship, the company will issue them an Internship Certificate.

With best regards,

Managing Director,
