The Seminar on "The role of government in the growth of small and medium industries" started with inauguration session at 10Am in the Seminar Hall after registration of the Candidates. The major objective of this seminar is to give the clear picture on the Role of Government in development of Small and Medium industries in India. Micro, Small and Medium Enterprises (MSME) sector has emerged as a highly vibrant and dynamic sector of the Indian economy over the last five decades. MSMEs not only play crucial role in providing large employment opportunities at comparatively lower capital cost than large industries but also help in industrialization of rural & backward areas, thereby, reducing regional imbalances, assuring more equitable distribution of national income and wealth. The speaker covers the different issues relating to the development of Small and Medium industries.

The students were actively participated by asking huge number of queries and the Resource person answered all the questions.

The Major Takeaways of the Seminar:

- The panacea for solving problems of economic growth in developing countries.
- In the present world of globalization, Micro, small and medium enterprises (MSMEs) are key actors in almost every production system.
