Description	<p>On the occasion of International Year of Millets (IYoM) the NSS Unit of SRKIT celebrated <b>International Year of Millets (IYoM)</b> on 29/11/2023. The event created awareness among Yoga and briefed about the essence of Yogic exercises on the health of individuals and thereafter, held a practice session with demonstration of asanas. The theme of the International Year of Millets is "Healthy Millets, Healthy People." Millets are an important source of nutrition and offer a range of health benefits. They are high in fiber, which helps promote digestion and lowers cholesterol. The NSS Volunteers and students are actively participated and gained knowledge on practice of Yoga for a better life and consumption of millets.</p>

Description	<p>SRKIT NSS unit organized Free Eye Check Camp in association with Winvision Eye Hospitals, Vijayawada on 12/10/2023. In this camp the students of various branches were checked their eye sight with the help of latest equipment of the affiliation. The eye tests were conducted in three stages and the students who were found to have weak eyesight were prescribed perfectly fitting spectacles with lenses as per their required powers. Moreover, each student was counseled regarding their eyesight and they were also advised about the importance of wearing spectacles on a regular basis to protect their precious eyes. The event was a fruitful one as many students benefited from the eye check-up and the timely intervention of the college helped them to focus on their studies in a better manner. The event not only helped to prevent the further deterioration of the eyesight of the students but also provided a sense of relief to the parents.</p>

Number of participants	<b>180</b> Students
Description	SRKIT- NSS Unit organized CPR Awareness Program in association with <b>Manipal Hospital</b> – Guntur District on 27/09/2023. Dr.Lakshmi Navaya Cheekatla Garu from Manipal Hospital on the occasion of World Heart Day (29-09-2023)gave an awareness to the students on Major cardiac arrests occur in places other than the hospitals, especially at homes/public places like railway stations, bus stands/gyms/swimming pools etc. It take a minimum of 8-10 minutes for the emergency response team (ambulance with equipped AED and a trained personnel in conventional CPR) to arrive at the scene of sudden cardiac arrest and collapse. And for every minute of delay in CPR, there is a 10% loss of function in brain and thus the victims chance of survival also decreases. If the community is trained in hands-only CPR these deaths are preventable. Hence everyone needs to have knowledge and skills on saving a person suffering from cardiac arrest. The participants are well aware about the CPR Process at the end of the program.
