ESSAY WRITING ON FREEDOM FIGHTERS

As we all know that Independence day is an auspicious day for citizen of India. India's independence day is celebrated every year on 15th August.

We got our Independence day on 15th August, 1947. We got our fundamentals on our own nation. We celebrate independence day to remember it is our 1st freedom in India and as well as to remember how our freedom fighters struggled for us to just to get freedom.

History of slave India teaches us about how our ancestors and our forefathers worked hard and suffered all the brutal behaviour from Britishers.

It took sacrifices of lives of many freedom fighters and several decades to win Independence in India. We should really feel proud and admire our fortune that we took birth on this Independent land.

I would like to say and give a statement that is "How does this freedom act impacted on our..."

As we all know that our India is developing fast in the fields of technology, education, sports, finance and many other various fields which were mostly impossible before freedom.

There are some cases where we still lag behind in the society and we really don't even care about anyone. Most people think that we just got freedom but they don't even think about freedom fighters like how they struggled how much blood sweat for us. Not even a single person think about them. Elder people say that change should start from us so that the change goes on to the society.

We should all remember one of the most important freedom fighter that is Mahatama Gandhi. He started Non-Volence Act. Which means we should deal any matter or anything with Non-Volence.

They say we got freedom on Independence day but today even in this generation a girl is allowed to go out alone, she is not allowed talk with a boy because they judge easily if even she feels bad or not.

They are not allowed to wear of their own clothes because they judge people. Then where is the freedom in country.

There are many other cases that comes under which they dont have freedom.

Many of them dont even know freedom fighters or how many have struggle just for independence. We should really

feel proud about them because nobody gives their life really easily just for us.

We dont even know about Bhagat Singh, Rani Lakshmi Bai and many more who fought against Britishers.

There are many freedom fighters who shield their blood for us. Their each drop of blood is the oxygen we breath. This is what every citizen of India has to know about freedom fighters.

We should really really feel proud and admire the freedom fighters because they sacrificed their lives just for us easily. Writing this essay really makes me so happy about the freedom fighters.

I shall conclude by saying that, Yes we are free and we have the complete freedom and we should forget about our responsibilities. It is our responsibility just to make our country the best and more responsible.

Jai Hind!

FREEDOM FIGHTERS

My Somethings can't just be
Expressed in the words

My eyes are little wet by seeing
the freely flying birds
these are the tears of happiness of
all the birds freely flying up in
the Air

Thanks to the fearless freedom
fighters who faced it all
making the tough time pass by.

Love can speak volumes and
words become less

Love for the freedom of some
leaders left us blessed!

Blessed with the freedom, the
moments we share.

come let's learn to care for
our country, care for the
people's place.

come let's learn with our
country a very happy Indepen-
-dence day. 999

* India is ruled by the britisher
for a long time. At that time
we are helpless and we can't do
anything but after the days going
on we are devoted & determined
to get our country back from
britisher's rule to our rule.
Back in the time the people
who fought for the freedom
of country is called freedom.

fighters. The mostly known freedom fighters are Subhas Chandra Bose, Mahatma Gandhi, Bhagat Singh, Jawaharlal Nehru, Lala Lajapathi Rai etc.

They all made a route to fight against them. Then the other people followed them to get freedom.

After so many struggles & fights mainly losing lives they earned their freedom back and became Independent on 1947 on August 15th or 14th August midnight. It was the most prideful & joyous moment for the freedom fighters who are determined to reach the goal in many ways.

* They thought the future generations are going to be happy for

having the freedom & Independence
to live safely & happily in their
home country.

But now-a-days people
are celebrating that freedom &
independence in the social media
for the sake of the occasion and
fame only. we are posting i love
my freedom, i love my country but we are
not really following them in
real life. we just say I love
my country on only Independence
day. The next day we don't care
about nation all we care about is
ourselves only. Its truly sad.

our parents take care
of us every day and we take
care of our parents throughout our

lives. But we care about our nation on only two days in a year that is one is Independence day and the other republic day. aside from that we don't put effort in improving our country.

nowadays the teenager's want to be like superheroes, thor, captain america etc. but why don't they want to be a soldier who are protecting us,? why don't they want to be a farmer who gives us something to eat, why don't they want to be a teacher who taught us knowledge. A big why. But are we really Independent is the real question here.

yeah, we are celebrating our Independence day every year. but we are not Independent.

Chalkey

* we are celebrating 77th Independence day where we are still bounded by negative thoughts

* we are celebrating 77th Independence day where we are still slaves under the democracy and society thinking

* we are celebrating 77th Independence day where a girl birth is unaccepted and a boy birth is celebrated

* we are celebrating 77th Independence day where the master minds of India choosing other countries to live

* we are celebrating 77th Independence day where a person is ashamed to be raped then be a rapist

* we are celebrating 77th Independence day where we are lowest in women empowerment

* we are celebrating 71th Independence
where our ego's on top

this is not what freedom
fighters fought for. they fought
for better country & better
people. But we are still
under the construction of Independence
when our freedom fighters give it
to us long ago. we are still
afraid to speak what may the
society will judge us. still under
the shadow. our freedom fighters
must think they have wasted
their time because they saw
how idiotic we are being celebr
ating freedom without really
knowing what it is.

Mahatma Gandhi says

"

freedom isn't worth it when
there is no freedom to make
mistakes"

true to that statement we are
doing a big mistake. but we have
to try to improve & develop
our selves and develop our
country by showing true love
& care to our nation.

we should forever
always be grateful for the
freedom fighters who gave us
Independence.

REPORT

Name of the Program : Sankranti sambaralu

Sankranti sambarulu, also known as Makara Sankranti, is a vibrant and traditional harvest festival celebrated across India with much enthusiasm. This report highlights the key aspects of the Sankranti sambaralu event held on 12-01-24 at SRK Institute of Technology.

The Sankranti Sambaralu brought together people from diverse background to celebrate the arrival of the harvest season. The venue was adorned with colourful decorations, reflecting the festive spirit of the occasion.

The event featured a myriad of cultural performances, including traditional folk dances, students showcased their talents, providing a platform to promote and preserve the rich cultural heritage associated with sankranti.

The event included the observance of traditional rituals associated with sankranti such as preparation of colourful Rangolis and the flying of kites. These activities not only added to the festive atmosphere but also allowed attendees to actively participate in old-age customs.

Sankranti Sambaralu was a resounding success, bringing together communities to celebrate the harvest season and also showcased the rich cultural tapestry of India but also fostered a sense of community and environmental responsibility among the participants.

Viksit Bharat @2047

The slogan Viksit Bharat came from the tongue of Narendra Modi who is the Prime Minister of India. The slogan came in 11th December, 2023. This slogan made by Narendra Modi tells that India is still a developing country. But at 2047, the India completed its 100 years independence. At the time we are called as not developing country, we are called as an developed country.

India is developing and ahead of many sectors compared to the many rich countries. As for recent economic ratings, India placed as 5th place in economic high growth rates. America, Russia, China and European

India is still place the crucial role
in UN Council. Many great leaders are
also said that the 21st Century is an
Indian Century and all the people love
the fact that India is developing very
well.

India has the fourth highest mili-
tary ratings followed by America, Russia
and China. We can produce the many
Scientists from various IITs and NITs.
The big companies like Apple, Microsoft,
Google which are owned by big countries
but all their CEOs are from India.
and they student in various IITs.
India is now the most populous country
in the world dominating the China.

So, when population increases, it is important to increase the people's needs i.e. the demand. So, the needs which are supplied by the companies are also increased, it leads to the more man power. So, the job opportunities increase.

The vision Bharat means "raise the nation's development". The Gross Domestic Product (GDP) has increased from year to year.

The vision Bharat includes not only industrial development but also development in agriculture, own industries, import & export, military power. All this is included in the vision Bharat mission @ 2047. So we are still

in 2024, we still have 23 years of time. I think nowadays this time is enough to get a country into a developed state to a developed state.

We get the Viksit Bharat i.e. developed Nation. It will start from the student level. The students should understand the knowledge of development and know the values and morals.

The politicians should play a crucial role in it. The government officers also play a crucial role on it. The officers should stop demanding the money from poor people. The politicians should help the poor to get out of those poorness.

The government should build the hospitals, schools, colleges for society.

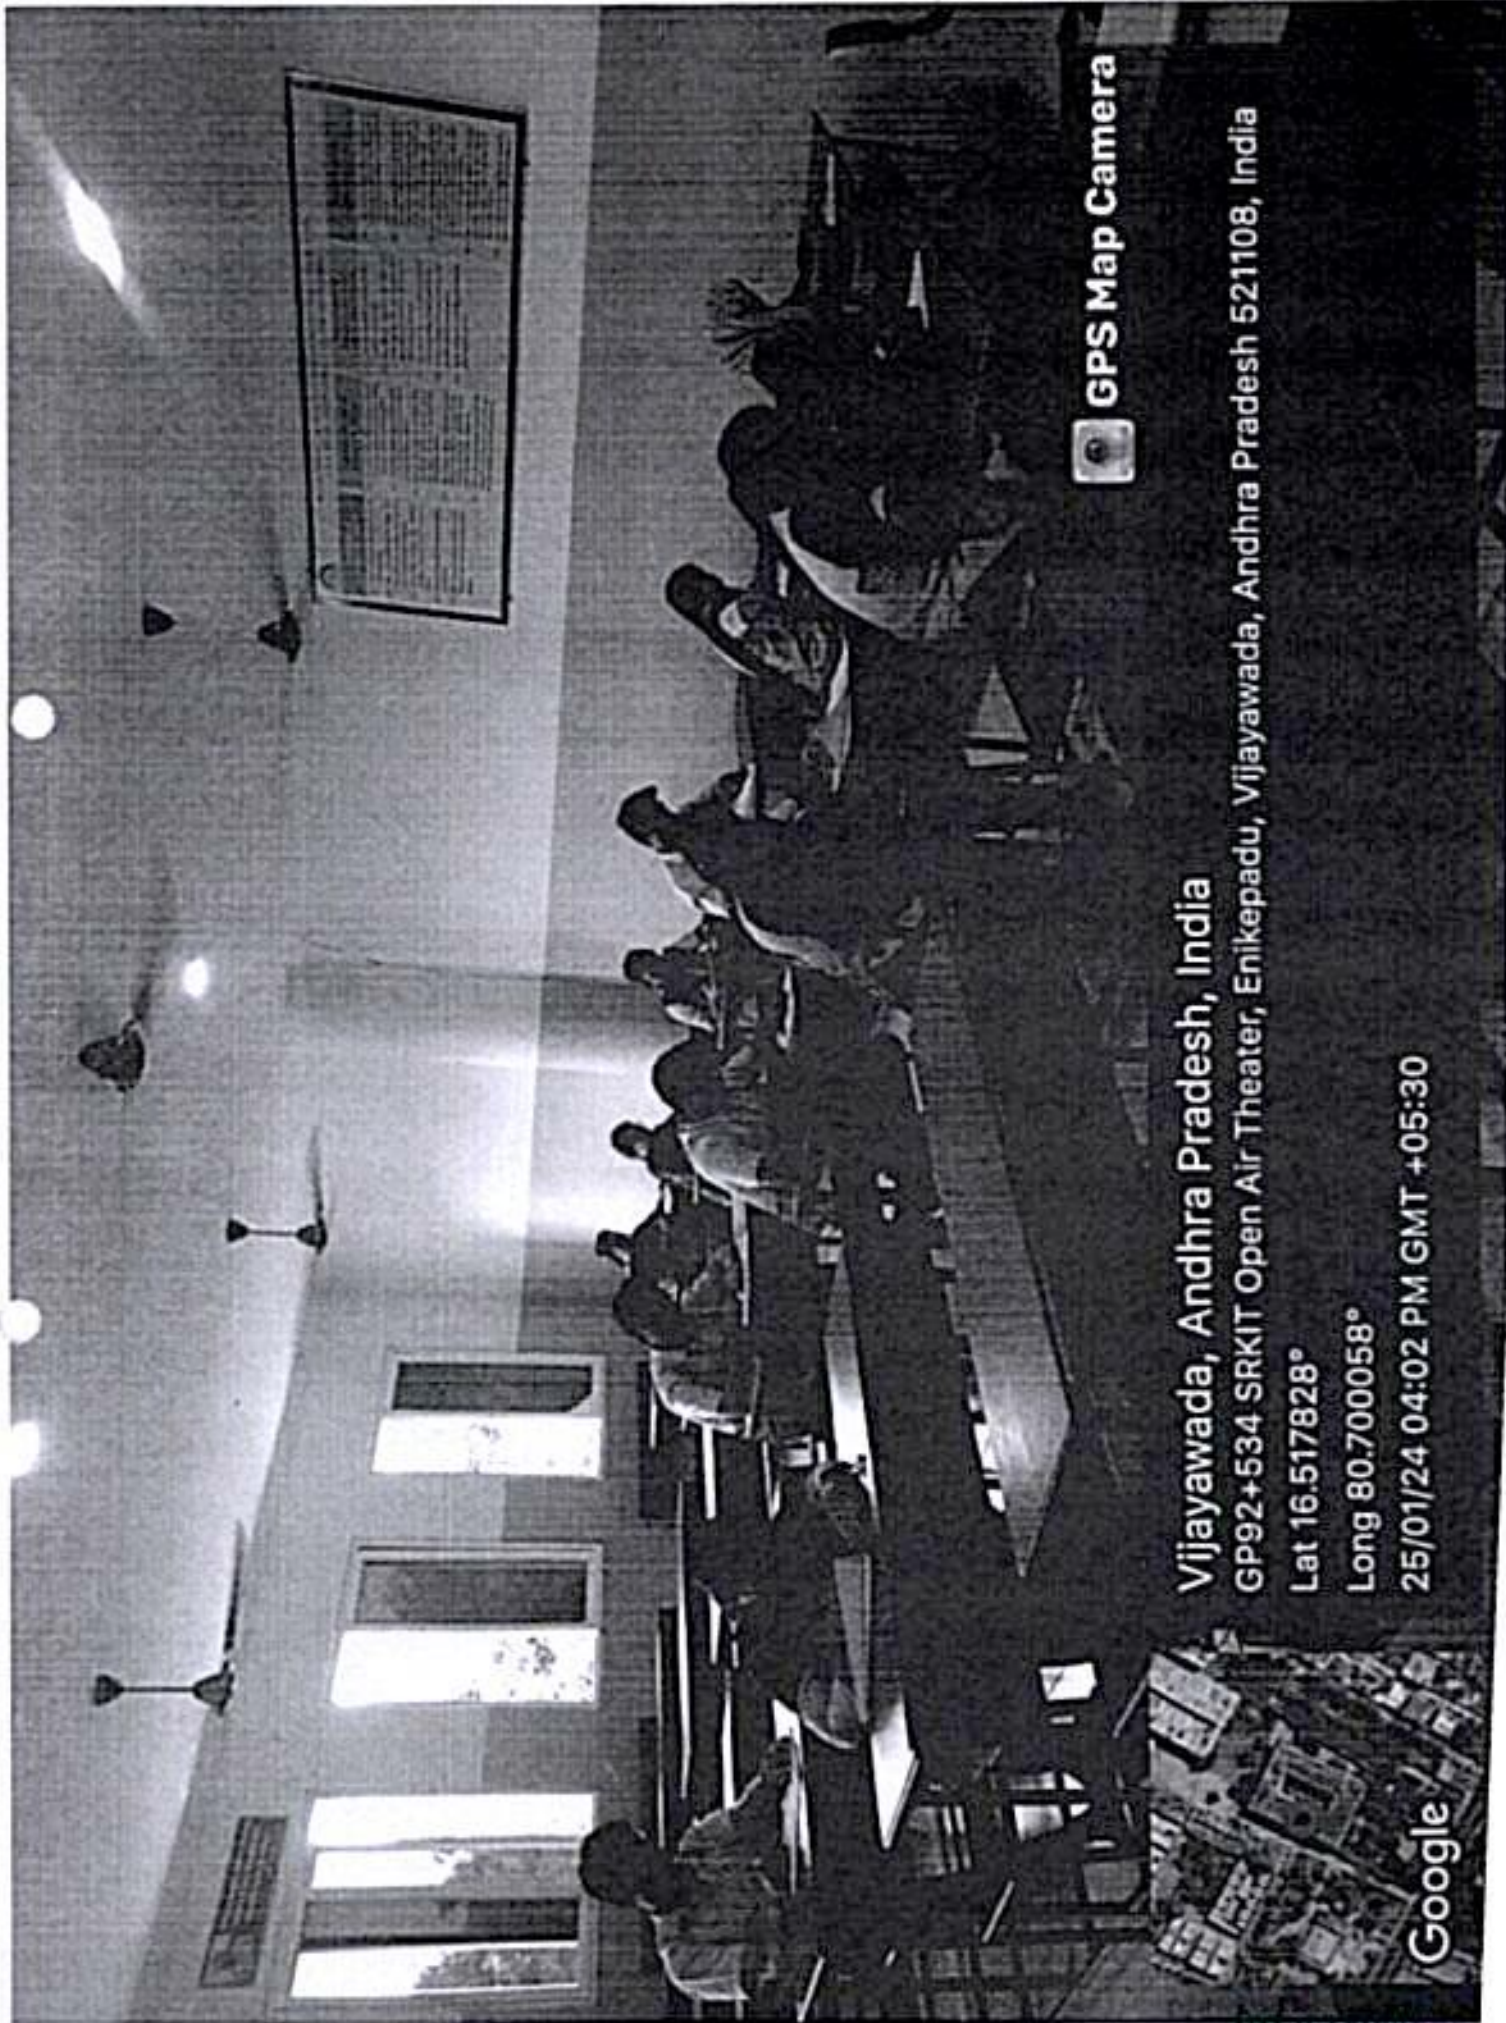

The modi says that never "ASK about what country give us" always says "what I give to the country". The Viksit Bharat is only possible when the students get educated and knowledged. The people should ~~unity~~ maintain unity. They don't fought for caste, religion and nationality.

The VIKSITH Bharat mission is to develop the country by 2047 and build a strong nation both economically and militarily. The military also plays a crucial role in developing the country. Many developed countries are having the high military and weapons. We are having the fourth nation in high military ground.

It can be possible in also developing the space service i.e ISRO. In 2023, the ISRO successfully launched the "Chandrayan-2" into moon and also "Aditya-L1" into sun and many other important missions. The only way to get developed nation is to students who are enriched with values and morals, and understanding the need of education.

REPORT

Name of the Event : Republic Day

Date of the Event: 26-01-24.

Republic Day is a significant national event in India celebrated on January 26th each year. It commemorates the day when the constitution of India came in to effect in 1950. The event is marked by the hoisting the national flag followed by national anthem. It serves as a reminder of the values enshrined in the constitution and the country's commitment to democracy and sovereignty

SRK INSTITUTE OF TECHNOLOGY as a 75th Republic Day celebration was a momentous occasion, bringing together students faculty to commemorate the spirit of democracy and unity. Students have actively participated in the competitions. Navatha.V from S&H department has coordinated the program. Selection of the winners is done by juries decision.

The day was celebrated in our college with éclat. On this day our college Principal hoisted the National flag within the campus. The main attraction of Republic Day celebration is singing a patriotic song and speech on freedom fighters by students and faculty members. The event served as a remainder of the importance of upholding democratic values and working collectively towards a harmonious and progressive society.
