Product Development:

Some of the projects developed using the department R&D facilities are

S. No.	Project Title	Output	Project Guide
1	Automatic Waste Segregation System		Mr. Ch. Siva Rajesh
2	Accident Detection System Using Black Box System Through Arduino		Mr. P. Koteswara Rao
3	IoT Based Digital Notice Board Using Arduino Uno		Mr. B. Ravi

4	Drip Saline Patient Monitoring System Using IoT		Mr. B. S. S. Tejesh
5	Speed Control Of Four BLDC Motors Using STM32F411 Development Kit		Dr. D. Sree Phani Kishore
6	Multi Function Robot Car		Ms V. Sri Lakshmi
7	Design and Implementation of Smart Monitoring and Self-Cleaning Solar Panel		Ms. N. Rama Priya

8	Smart Air Quality Monitoring System		Ms. Ch. J. Gayathri
